Dear Claudia,

We would like to thank you for supporting Docaviv FF and for contributing to its success.

Docaviv 2012 which is now concluded, was the largest and most successful edition of the festival to date. The 10 days of the festival consisted of 175 screenings of over than 90 different film titles, as well as competitions, work shops Q&A sessions, parties and open air screenings. During these days – international and local guests met audiences and each other for scheduled discussions and plenty of fascinating spontaneous encounters.

We also have witnessed an increase of 20% in attendance, escalating the estimated number of attendants to over 35,000.

But above all – we simply had a very good time!

Thank you again for your kind support which helped make Docaviv 2012 a significant event.

Warm wishes,

Karin on behalf of the entire Docaviv Staff.

Dear Claudia,

Docaviv 2012 FF in Tel Aviv ended successfully and we are now heading towards our next project – Docaviv Galilee FF.

Docaviv is constantly outreaching for new audiences outside of Tel Aviv.

The 4th edition of Docaviv Galilee will take place in the northern town of Maalot-Tarshicha on [26-30 November 2012](#), serving diverse audiences of Jews and Arab populations throughout the region.

This newly established tradition has set a goal to bring the highlights of the Tel Aviv program up north, as well as to become a platform and a meeting point between documentary filmmakers and the Israeli social and cultural periphery.

One of the most successful and important sections of the festival are special screenings for school children and high school students from different backgrounds. These screenings include discussions and activities with the students after the screenings.

We would love to see you as our partners also in Docaviv Galilee and to think of new ways to contribute together to the residents in the area.

Best regards,

Lilach Klaitman Shoval
