

## CALL FOR ENTRIES INT. SHORT FILM FESTIVAL LEUVEN 2015

A few weeks before 2015 comes to a close, Leuven International Short Film Festival is celebrating its 21th edition. Leuven Short Film Fest is the yearly 'place to be' in December for film professionals in the Benelux and abroad and is, as Academy Award Qualifying festival since 2012, the main Belgian gateway to one of the most renowned award ceremonies worldwide.

The festival will take place from November 27 till December 5 in different venues in the beautiful medieval city of Leuven. The festival program consists of more than 120 screenings in +5 venues. The program contains live action films, animated shorts, music videos, short films for children and non-narrative shorts. Every year, the festival screens about 300 short films from all over the world, divided into more than 40 different compilations. Beside the film program, the festival organises challenging masterclasses, workshops and panel discussions, facilitating film professionals from Belgium and abroad with inspiring moments of learning and discussion.
